The Washington County Law Library:

What's in it for you and your clients?

Access to the big online plans

If your practice doesn't have a big online plan... in addition to the resources listed below, you'll *also* be interested in the patron access Lexis and Westlaw plans available at the Law Library. The plans provide *law from all states, from all federal jurisdictions*, and access to many secondary state and federal materials.

Supplements to your own online plan

Even if you have a full Lexis or Westlaw plan in your office... the Law Library has content you don't have access to online, such as a full collection of PBI CLE manuals in print, PA trial opinions not covered in Lexis/Westlaw, prepared legislative histories for many PA acts, specialized treatises, practice materials that aren't included in even the most expensive online plan, *and more*.
